

A Breath of Fresh Air

In this seminar we will discuss the affects of Hypoxia and Carbon Monoxide poisoning on a pilots decision making abilities. We'll learn to recognize the early signs of these conditions, their affect on the brain and circulatory system as well. Also, we'll provide guidance on avoiding CO poisoning. Don't miss this informative seminar of human physiology of flight. Click on the link below and register TODAY.

Directions: Mancini Hall - First floor.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
